*Zhone Technologies, Inc. (NASDAQ: ZHNE) is a global leader in multi-service access network (MSAN) solutions, serving more than 700 of the world's most innovative network operators. The company offers the industry's only fully-integrated portfolio of MSAP, FTTx, EFM, and Wi-Fi access technologies, enabling a full suite of services, including residential and business broadband, VolP, and High-Definintion IPTV. Zhone's converged multi-service access platform helps operators rapidly deploy premium services using copper, fiber, and wireless while improving network agility and reducing costs. Based in the United States, Zhone is the only vendor in the industry whose MSAP platforms are all manufactured in the USA, and our facilities are emission, waste-water and CFC free.*

## *Publishing*

### *Directory and Online Media*

We've been an industry publisher since August of 2000 and have grown successfully from our humble beginnings of just one title to over 20 published titles today. While the number of published titles and the number of employees have increased over the years, our values remain the same. We believe that providing the best possible quality product combined with the best customer service and value is our secret for continued success.
